## Professional experience

### Front-End Developer

8 Apr 21 - 20 Dec 23

Osmovic media | Lafia Nasarawa state

Develop and maintain scalable, responsive, and performant web applications using React.js, Redux, and RESTful APIs. Collaborate with design teams to implement pixel-perfect UI and UX, adhering to best practices in cross-browser compatibility and accessibility. Lead efforts to improve page load times, reducing bounce rates by 50% through code optimization and lazy loading techniques. Introduced automated testing (Jest, Cypress) into the development workflow, increasing code coverage by 70%. Mentor junior developers and conduct code reviews to ensure high standards and best practices. Implement and maintain CI/CD pipelines, ensuring faster deployments and fewer production issues.

### Frontend developer

1 Jan 24 - 8 Apr 24

O2 innovation labs | Lafia

Integrated third-party services and APIs to deliver real-time data to users, enhancing app functionality and user experience. Worked in an Agile team, attending daily stand-ups, Member GDG 2021- 2024, sprint planning, and retrospectives to ensure smooth project execution. Optimized legacy code and introduced modular JavaScript components, increasing code reusability and maintainability. Developed and maintained a custom component library, allowing the team to adhere to design systems and ensure consistent styling across applications.  
Education

## Education and training

### Bachelor's Degree in Computer Science

8 Mar 19 - 8 Nov 23

Federal University of Lafia | Lafia

Gained a strong foundation in programming languages, web technologies, and software development and problem solving

## Abilities

## Personal skills

### Communication skills

Strong written and verbal communication skills, able to explain technical concepts to non-technical stakeholders effectively.

### Organisational / managerial skills

Highly organized with the ability to manage multiple projects and deadlines in a fast-paced environment.

### Job-related skills

Core Competencies  
HTML5, CSS3, JavaScript, (ES6+) Typescript  
Front-End Frameworks: React.js, Next.js, Vue.js  
UI/UX Design: Figma.  
CSS Preprocessing: SASS  
Responsive Web Design & Mobile-first Development  
API Integration (RESTful, GraphQL)  
Version Control: Git, GitHub,  
Web Performance Optimization  
Testing: Jest, Mocha, Cypress  
Agile & Scrum Methodologies  
Cross-Browser Compatibility  
Continuous Integration/Continuous Deployment (CI/CD)

### Digital skills

Proficient in various web development tools and technologies including Visual Studio Code, Git, and database management systems.

### Other skills

Enjoy participating in hackathons and contributing to open-source projects.

## Further information

### Certifications

- Certified Web Developer

### Courses

- Web Development Bootcamp
- JavaScript Essentials
- Responsive Web Design Certificate
